

Trần Minh Nghĩa

BIM PLUMBING MODELER

📞 036 809 7071 @ manghi.work@gmail.com 📍 HCMC, Vietnam 🔗 linkedin.com/in/manghi96/

CAREER OBJECTIVE

Environmental Engineering graduate specializing in Water Supply & Drainage, with strong UI/UX design experience. Seeking a BIM Modeler (Plumbing/MEP) position to combine my technical knowledge of water/wastewater systems with advanced 3D modeling and spatial design skills. Highly motivated to deliver accurate 3D models, streamline workflows, and grow into a BIM Manager.

EXPERIENCE

- Product Designer — Hippo Technology

2024 – Now

 - Product & Design Leadership: Led end-to-end design initiatives from the company's inception across Fintech, Crypto Exchange, and Logistics sectors. Collaborated with POs, Stakeholders, and Dev teams in an Agile environment to align design solutions with business goals.
 - Design Systems & Brand Strategy: Built and maintained comprehensive Design Systems and visual brand identities for an ecosystem of products (Katchy, PayAny, Hippo Supply Chain, ZebraLinks, etc.), ensuring cross-platform consistency and scalability.
 - End-to-End UX/UI Execution: Delivered intuitive Web and Mobile experiences by executing user flows, wireframes, high-fidelity prototypes, and user testing.
 - AI Integration: Applied modern AI tools to accelerate design UI, UX research, document analysis, and feature brainstorming, significantly streamlining the early discovery phase.
- UI/UX Designer — ITC Group

2022

 - Internal Brand & Product UI Design: Partnered with the product team to conceptualize and design a cohesive brand identity and internal UI for the company's insurance product line.
 - Enterprise CRM (IZlon24): Designed user interfaces for an external CRM management system and the IZlon24 App, optimizing complex workflows for both internal teams and external client usability.
 - Cross-functional Collaboration: Worked closely with Business Analysts (BAs) and Quality Assurance QA teams to align and refine Business Requirement Documents (BRDs) and test cases, ensuring high design precision during development.
- UI Designer — TTM68 Network

2022

 - Web & Brand Redesign (MKLabs): Spearheaded the visual redesign of the company's internal NFT game platform (MKLabs), including brand logo refresh, visual layout enhancement, and wireframing.
 - Visual & Layout Enhancement: Transformed complex Web3/NFT concepts into intuitive wireframes and modern visual interfaces, improving user navigation and engagement.
- Web Designer — WOWCNS Vietnam

2021

 - Cross-Platform UI Design: Designed responsive Web and Mobile user interfaces focused on clean aesthetic appeal and functional user experience.
 - Front-End Development Support: Collaborated directly with Front-End Developers to adjust, fine-tune, and inspect HTML/CSS files, ensuring pixel-perfect implementation of designs.
- Graphic Designer — 4Bros Media

2021

 - Print-on-Demand POD Design: Designed custom graphics, apparel typography, and personalized artwork for print-on-demand products, including merchandise, apparel, and giftware.
 - Pre-press & Production Specs: Prepared print-ready files, managing color profiles, image resolution, and layout scale to ensure high-quality output across various printing techniques.
 - Trend Research & Asset Creation: Researched market trends and consumer preferences to create scalable visual assets and digital mockups for promotional and e-commerce displays.
- Staff — Canadisign Home Solutions

2020

 - AutoCAD drawing.
 - Statistical report.
- Staff — Good Land Informatics

2020

 - Data processing.
 - Paperwork.
 - Statistical report.
- Technical Staff — Gia Bao Trading Service Techniques

2018

Construction and installation of electrical networks, water supply and drainage system for Canada preschool construction project.

SOFTWARE SKILLS

Main

Other

AutoDesk Maya, Blender, ZBrush, Adobe Substance 3D Painter, Adobe Photoshop, Adobe Illustrator, Adobe Premiere, Adobe After Effects, Figma.

EDUCATION

- Bachelor of Environmental Engineering Technology - Ton Duc Thang University
2014 - 2019
- Advanced Diploma of Multimedia Specialist Program - Arena Multimedia
2019 - 2022
